

SEE THE FUTURE OF GOLF THROUGH A NEW PRIZM

ONE GRASS – TEE TO GREEN.

The Green Future is here. After years of research and development, Prizm is the latest release from Bladerunner Farms, the breeder of Zeon Zoysia. Prizm was developed to create a more sustainable tee to green grass that requires lower inputs while providing superior aesthetics. What we discovered is a grass so unique, it could completely change the future of Golf.

A BREAKTHROUGH IN GOING GREEN

- ✓ ONE GRASS – TEE TO GREEN.
- ✓ NO COLLAR TRANSITION TO MANAGER = NO ENCROACHMENT
- ✓ LESS THAN HALF THE FERTILITY OF ULTRADWARF BERMUDA
- ✓ HALF THE MOWING OF ULTRADWARF BERMUDA
- ✓ EXCELLENT SHADE TOLERANCE – KEEP THE TREES!
- ✓ BIOLOGICAL RESISTANCE TO INSECTS, DISEASE AND WEEDS
- ✓ OUTSTANDING DIVOT RECOVERY
- ✓ INSIGNIFICANT BALL MARKING
- ✓ NO GRAIN = CONSISTENCY OF SURFACE
- ✓ MANAGE STIMP RATINGS 10–13'
- ✓ UNPARALLELED FLEXIBILITY TO MOW FROM 0.100 TO 1.5 INCH
- ✓ BROAD RANGE OF SOIL AND PH ADAPTATION
- ✓ EXCELLENT COLD TOLERANCE AND
- ✓ COLD WEATHER COLOR RETENTION
- ✓ EXCELLENT SALT TOLERANCE
